1) Opinion of the Standing Committee on L.S.G.

On the occasion of the next reconstitution, Taluk representation may adhere as far as possible to R.A allocation with such exceptions as may be necessary by special circumstances (as in the case of Kadur District) to provide for sufficient places for salaried servants. The special interests to be recognised may be strictly limited to those mentioned in the rules and to analogous cases like labour interests &c., Purely communal associations and associations meant for special activities like spread of education in a community need not receive representation on the Boards.

Revision of the strength of District Boards.

The strength of each District Board is fixed by Government at the time of its constitution under section 6 of the District Boards Regulation, on the recommendation of the Deputy Commissioners concerned and with reference to local conditions and requirements the present strength of the ~~Local~~ Central Boards is as follows:-

	Elected from constituencies.		Nominated non-officials.	Appointed by the Government	
	General	Special		Ex officio	Total.
Chitradurga	12	4	6	6	32
Shimoga	23	1	6	4	34
Kadur	23	2	7	4	36
Tumkur	30	3	7	9	49
Kolar	21	-	6	4	31
Bangalore	23	1	7	4	35
Mysore	21	7	9	5	42
Hassan	17	5	6	4	32

In the case of the Mysore District Board, the total strength was reduced at the last reconstitution from 70 to 49, allowing uniformly two members for each Taluk and one member to each Sub-Taluk. This principle has not been followed in the case of the other District Boards with the result that the strength of the boards is rather unwieldy. There is at present a disparity observed in the number of members returned

P.T.O.

...ree Taluks to the Representative Assembly and that returned by them
the District Boards. While under the R.A.
election it was only the Taluks of Bangalore,
Kolar, Chikkaballapura, Chikkballapura, Gubbi,
Ramanagaram, Nanjangud, Arsikere,
Srinivasapur, and T.Narasipur that were
to return three members to the R.A.:

...Members to the Representative Assembly
the District Boards ~~were~~ allowed under the District Board rules allowed . 3 members
...all the Taluks in the Mysore, Hassan and
...Districts and 12 Taluks of the other
...tricts.

...Very recently the Deputy Commissioners
...districts and Presidents of District
...Boards were requested to give their opinion
...as to whether the number of members to be
...returned to the District Board by each Taluk
...may not be fixed at 2 and that by each ~~XXXX~~
...Taluk at 1, as is done in the case of the
...Kolar District, ~~without~~ ~~altering the~~
~~...number allotted in the case of the~~
~~...Representative Assembly~~. From the replies
...received it was seen that the Deputy
...Commissioners, ~~in their opinion~~ were equally
...divided, in their opinion, while all the Presidents of the
...District Boards ~~are~~ were against any reduction
...in the existing strength. Some of them
...wanted the present allocation of seats to be
...continued or the numbers to be varied on the
...basis of the R.A. rules which fix the seats
...on the population basis. Government ~~accord-~~
...ingly issued orders directing that the present
...orders be continued.

The opinion of the Committee is requested as to whether in order to secure not only uniformity but also ensure economy, the strength of the Boards may not be revised ~~on a uniform basis~~ as stated above by allowing 2 members to each Taluk and one member to each Sub Taluk.

Annexure I of Notification No.Rl.3207/R.A. 20-32-1 dated 29th November 1932 fixing the number of members to be returned by each of the rural constituencies in the State to the Representative Assembly on the population basis.

2. G.O.No.24535-50/L.B. 56-35-14 dated the 11th December 1935 stating that no change is called for in the existing system of returning members to the Dist. Boards in the State.

3. The opinion of the Standing Committee for L.S.G. and Department of Medicine and Health, dated 9th March 1936.

Order No.L 8338-53 /LB. 27-36-38

Dated, Bangalore, 21/5/1937.

Under Section 6 of the Mysore Dist. Boards' Regulation, the strength of each Distt. Board is fixed by the Govt. at the time of its reconstitution, on the recommendation of the Deputy Commissioner concerned and with reference to local conditions and requirements. ~~With a view to securing~~ uniformity and economy, ~~the Deputy Commissioners of Districts and the Presidents of Distt. Boards were requested sometime ago to give their opinion as to whether~~ it was considered desirable that the number of members to be returned by the Distt. Boards by each general constituency may ~~not~~ be fixed uniformly as in the case of the ~~Rural~~

P.t.o.

representation given to the R.A. On a consideration of the replies received which were of a divergent nature, Govt. issued orders directing that the existing arrangement be continued for the present.

2. As it was however considered desirable to lay down some definite principles in the matter, the question was referred to the Standing Committee of L.S.G. and Departments of Medicine & Health for opinion. This Committee have recommended that for the next reconstitution of the Distt. Boards in the year 1959, the representation from talukas (general constituencies) may be based as far as possible on the principle of allocation of members from the rural constituencies to the Representative Assembly as laid down in the notification read above, with such exceptions as may be necessary under special circumstances. In regard to the special interests to be recognised, the Standing Committee opined that representation might be strictly limited to those mentioned in the Distt. Board Election Rules and to analogous cases like labour interests etc., and that purely communal associations and associations meant for special activities like spread of education in a locality need not receive representation in the Distt. Boards.

3. Govt. accept the above recommendations of the Standing Committee and direct that the strength of the Distt. Boards be fixed on the above basis with effect from their reconstitution

The Dy. Com's Proceedings were considered but it was found that there was considerable diversity of opinion and as elections had also to be

in the year 1939.

[illegible] of the [illegible] District Boards.

The strength of each District Board is fixed by Government at the time of its constitution under section 4 of the District Boards Regulation, on the recommendation of the Deputy Commissioners concerned and with reference to local conditions and requirements. The present strength of the several Boards is as follows:-

	Elected from constituencies.		Appointed by the Government.		
		Nominated non-officials.			
	General.	Special.		Ex-officio.	Total.
[illegible]	16	4	6	6	32

[illegible]	23	1	4	4	36
[illegible]	27	1	5	5	42
[illegible]	17	0	6	4	32

In the case of the Mysore District Board, the total strength was reduced at the last reconstitution from 72 to 42, allowing uniformly two members for each Taluk and one member to each Sub-Taluk. This principle has not been followed in the case of the other District Boards.

Of late, recently the Deputy Commissioners of Districts and Presidents of District Boards were requested to give their opinion as to whether the number of members to be returned to the District Board by each Taluk may not be fixed at 2 and that by each Sub Taluk at 1,

at 1, as is done in the case of the Mysore District. From the replies received, it was seen that the Deputy Commissioners were equally divided in their opinion, while all the Presidents of the District Boards were against any reduction in the existing strength. Some of them wanted the present allocation of seats to be continued or the numbers to be revised on the basis of the Representative Assembly rules which fix the seats on the population basis. Government issued orders directing that the present system be continued.

The opinion of the Committee is requested as to whether in order to secure not only uniformity but also ensure economy, the - - strength of the Boards may not be revised as stated above by allowing 2 members to each Taluk and one member to each Sub Taluk.

O R D E R No.

Dated Bangalore the ~~22nd~~ 20th May April 1937.

Under Section 6 of the Mysore District Boards' Regulation, the strength of each District Board is fixed by the Government at the time of its reconstitution, on the recommendation of the Deputy Commissioner concerned and with reference to local conditions and requirements. To secure uniformity and economy, it was considered desirable that the number of members to be returned by the District Boards by each general constituency may be fixed uniformly as in the case of the representation given to the Representative Assembly. The Deputy Commissioners and Presidents of District Boards were consulted but it was found that there was considerable diversity of opinion and as elections had to be held very soon, Government issued orders directing that the existing arrangement be continued for the present.

2. As it was however considered desirable to lay down some definite principles in the matter, the question was referred to the Standing Committee for Local Self Government and Departments

of

of Medicine and Health for opinion. This Committee have recommended that, for the next reconstitution of the District Boards in the year 1939, the representation from Talukas (general constituencies) may be based, as far as possible on the principle of allocation of members from the rural constituencies to the -- Representative Assembly as laid down in the notification read above, with such exceptions as may be necessary under special circumstances. In regard to the special interests to be recognised, the Standing Committee opined that representation might be strictly limited to those mentioned in the District Board Election Rules and to analogous cases like labour interests etc. and that purely communal associations and associations meant for special activities like spread of education in a community need n not receive representation on the District Boards.

3. Government accept the above recommendations of the Standing Committee and direct that the strength of the District -- Boards be fixed on the above basis with effect from their reconstitution in the year 1939.

4. The attached statement shows the strength of the General constituencies of the various District Boards revised on the above basis.
